Golf Courses

[New Course – St. Andrews Links Trust](#)

Located as it is in the shadow of its illustrious neighbor, the New Course can be considered one of St Andrews' best kept secrets. Opened in April 1895, the course was built in response to increasing demand for golf at St Andrews.

[Jubilee Course – St. Andrews Links Trust](#)

Now well into its second century of life the Jubilee Course was created on a narrow strip of prime golfing land between the New Course and the sea. Developed from a basic 12-hole to what many consider to be the toughest test of golf at St Andrews.

[The Castle Course – St. Andrews Links Trust](#)

The Links Trust has created a seventh 18-hole course to join its portfolio of six courses. Opened in 2008 the site of the Castle Course is one that has been intimately connected with St Andrews for many hundreds of years. The focal point of the course will be the headland named Kinkell Ness, or Kinkell Point, where the double green that serves holes 9 and 18 and the clubhouse is located.

[Fairmont – Kittocks Course](#)

Constructed in an American-style with two man-made lakes, but the layout honors the tradition of golf at St Andrews with two double greens, numerous deep pot bunkers and, of course, the most important ingredient, the feeling.

[Crail Golfing Society – Balcomie Links](#)

Situated on the eastern edge of Fife and only ten miles from St. Andrews, Balcomie is a beautiful setting and offers unrivalled views of the Forth and Tay estuaries. Not too long and full of interest with magnificent views of the sea from every tee. And several of the fairways wind alongside golden sandy bays and rocky outcrops of the Firth foreshore.

[The Dukes Course](#)

The Duke's is highly regarded as one of the finest heathland championship courses in the British Isles. With five separate tee positions at every hole, The Duke's has the flexibility and challenge to appeal to golfers at every level. Renovated with five completely new holes in 2006, the course now displays all the hallmarks as it was in the early 1920s.
